## BAMBERGER STORE OPENS BIG ADDITION

Gerard Is Chief Speaker at Dedication of Building Costing \$1,500,000.

The \$1,500,000 addition to the department store of L. Bamberger and Co. at Market and Washington streets, Newark, was formally opened yesterday. Opening exercises were held in the new building and more than a score of department store executives from other cities, financiers and public officials were present. Representatives of several newspapers and advertising concerns were guests of the company at luncheon. James W. Gerard, formerly ambassador to Germany, was the principal speaker. Among the guests were Louis Bamberger and Felix Fuld, executives of the department store; W. Irving Glover, Third Assistant Postmaster-General; Mayor Frederick Brodhead; John Howe and William J. Higney, City Commissioners; Uzal H. McCarter, president of the Fidelity Union Trust Company of Newark; Thomas N. McCarter, president of the Public Service Corporation; Edward B. DeWitt, president of the Prudential Insurance Company of America; Jesse I. Straus of New York; Louis Wiley, Charles M. Scudder, Lucius T. Russell, Franklin Simon and Frank J. Beck, postmaster of Newark.

The addition is eight stories high, which is the height of the old building, and adds 115,000 square feet to the floor space of the store, bringing the total space to 227 acres.

The store has 145 selling departments now and more than 2,000 workers. At night it is illuminated by 15,000 electric bulbs. There are fourteen passenger elevators and fourteen escalators. Bamberger's delivery equipment consists of 114 motor and horse drawn vehicles.

**PITNEY, ILL., MAY SOON LEAVE SUPREME COURT**

Special Bill Proposed to Sanction His Retirement.

WASHINGTON, Oct. 30.—Unless the health of Associate Justice Mahlon Pitney of the Supreme Court is improved after Congress meets a bill authorizing his retirement is likely to be introduced. He is in a sanitarium at Morristown, N. J., and reports indicate his condition has not improved in recent months. Next month he will have been ten years a member of the Supreme Court. This period of service would make him eligible for retirement. He is now 70 years of age. But he will be only 64.

Congress set a precedent in the case of Associate Justice Moody. Attorney General Clegg, who had served only four years, a special act provided for his retirement because of his physical condition.

**WOULD SUSPEND FOUR FROM TRENTON PRISON**

Board Charges Liquor Parties Followed Electrocution.

Special Dispatch to THE NEW YORK HERALD. TRENTON, Oct. 30.—Immediate suspension of four of the oldest employees of the New Jersey State Prison has been recommended by the State Board of Control, investigating the disorders at the prison two months ago. They are James E. Kersey, chief deputy keeper, who has been at the prison twenty-seven years; Joseph McChesney, center keeper; Thomas Mesney, deputy keeper; and Clinton Eldridge, truck driver. The four are accused in letters from E. P. Earle of Montclair, president of the Board of Control, to C. W. Huntington, president of the Prison Board of Managers, and Joseph S. Hoff, principal keeper of the prison. It is intimated that electrocutions at the prison have been followed by drinking parties and that one of the prison automobiles was used for a trip to Paterson to obtain whisky.

Kersey is charged with having been absent on the whisky trip to Paterson while a riotous condition prevailed among the inmates. The riot was said to have been incited when the prisoners got half a peach each for dessert during "peach week," and was quelled by outside forces.

**CHINESE KIDNAP AMERICAN WORKERS**

Carry Off H. E. Ledgard and Others at Inland Station.

SHANGHAI, Oct. 31 (Associated Press).—A bandit army that looted and partly burned the town of Shang Tsai-Sien, province of Honan, Saturday night, carried off H. E. Ledgard of the China Inland Mission and other missionary workers, according to advices received here from Hankow.

Mrs. Ledgard and her child eluded the marauders and escaped.

TWO DESIRABLY LOCATED AND EXCEPTIONALLY WELL RENTED  
**MANUFACTURING REALTIES**  
ALSO IN ONE LOT AS A COMPLETE UNIT  
**A MANUFACTURING BUSINESS**

The Robinson Bros. Company has decided to retire from business and herewith pledge their properties at Plainville, Massachusetts, to the highest bona fide bidder at absolute public sale free from encumbrance. The two medium size manufacturing realities are well rented and are in an environment of good labor and living conditions and should prove attractive not only to the manufacturer seeking a good location but the investor as well. The manufacturing business was established at this location more than thirty years ago and is well and favorably known throughout the trade for its fine line of jewelry findings—rings and spring rings and bars—and will include the name of the business record, the lists of customers, the machine tools, the machinery and mechanical equipment, and hand tools and fixtures, finished merchandise and the raw material and will be sold in all its completeness in one lot. This manufacturing business offers a rare opportunity to anyone desiring of entering the manufacturing field, or a valuable opportunity to the manufacturer who desires to enlarge his business in this line. The sale will take place upon the premises on Thursday the 9th day of November 1922 commencing promptly at half past one o'clock in the afternoon regardless of any condition of the weather. An illustrated and descriptive catalogue in detail upon application at the office of the Auctioneers where all inquiries must be made. Robinson Bros. Company, By A. G. D. Inc.

## CORONER FINDS COUPLE KILLED BY GAS HEATER

Neither Murder Nor Suicide, Is Opinion in Yonkers Case.

The Yonkers authorities abandoned yesterday their investigation into the deaths of Daniel Cohen and his bride, found asphyxiated Sunday in their home at 227 Ashburton avenue, Yonkers. It was determined that they had not committed suicide and not been murdered, but had died of carbon monoxide gas generated by gas heaters. This theory, formulated by the police, was accepted by the Coroner of Westchester county.

The gas in the cooking oven and in the cooled heater attached to the hot water tank was burning when the bodies were found. The investigators declare that the flame did not consume all of the gas, and that a portion of it seeped into the other rooms and destroyed the oxygen in the air. The result was that Cohen and his wife were suffocated. The autopsy did not show any sign of violence or any indications that they had swallowed poison.

Mrs. Samuel Cohen of 123 Vinyard avenue, Yonkers, mother of the dead man, declared last night that the death of her son and his wife were due to their inability to buy anthracite coal for their range. They tried soft coal, she said, but it would not burn, so they bought gas heaters and a gas water heater. Cohen and his wife were buried yesterday in Mount Hope Cemetery in Yonkers.

**HYLAN THINKS BUS EXPOSURE 'POLITICS'**

Says Only Aim Is to Try to Reelect Miller.

Mayor Hyman issued a statement yesterday attacking George McAneny, chairman of the Transit Commission; Clarence Shearn, counsel for the commission, and Commissioner Hackness for what he termed "political propaganda on behalf of the traction ring and Gov. Miller." The Mayor in his statement does not go into the facts, figures and arguments presented by the three representatives of the Transit Commission in recent statements. He rests with the charge that McAneny, Shearn and Hackness are working together for the same political purpose. The statement follows:

"Fifteen thousand dollar a year Hackness and sixty thousand dollar a year Shearn have been brought up from the rear by Gen. McAneny to continue to bombard the city with political propaganda on behalf of the traction ring and Gov. Miller. Mr. McAneny evidently needed reinforcements because he had only two columns in the Times Sunday and he wants to fill all the columns of all the newspapers until election day. "The amount of political propaganda presented between now and election day can distort the public mind with regard to the McAneny-Hackness-Shearn traction junk plan. The people know that the real purpose of the law put over by Gov. Miller and the traction wing of the Republican party is to compel them to pay higher fares after the traction ring has received at least \$500,000,000 of 5 per cent. bonds through a fake 'holding' company to be organized so that the city will be made responsible for the higher fares, as well as for interest on the bonds."

**CHICAGO HAS SUMMER, WYOMING A BLIZZARD**

Yukon River 'Open' and Is Likely to Remain So.

CHICAGO, Oct. 30.—Indian summer weather prevailed here to-day, with high temperature about equal to yesterday's, which was 75.

Cheyenne, Oct. 30.—Wyoming was digging itself out of four inches of snow to-day, with more still coming down. The storm throughout the State, it was said, was highly beneficial to the farmers and ranchers, as in many places the range was so dry that the grass was brittle enough to break off and blow away.

Dawson, Y. T., Oct. 30.—The present is the latest open season known on the Yukon River. The river has none but slush ice and the tributaries are practically free of ice. Boats could run to White Horse at this time. Three large dredges working on the Yukon expect to continue operations until Christmas.

**SINGLE TAX NOMINEES' NOTIFICATION TO-NIGHT**

The Single Tax party will notify its candidates of their nominations at the Lyceum, Third avenue and Eighty-sixth street, to-night. Beginning to-morrow they will get into the campaign.

The nominees who will address the meeting include Samuel Bell Thomas and August Weymann, First Judicial District Supreme Court; John L. Sheppard and Benjamin W. Burger, Second Judicial district; Morris van Veen, Twenty-first Congressional district; Cyrus Du Bois, Nineteenth Congressional district; John Davidson, Twelfth Senatorial district, and Francis C. Ott, Seventeenth Senatorial district.

## BACK TAXES TO CUT DEFICIT 500 MILLION

Treasury Experts Estimate Sum to Be Realized From Billion in Claims.

Special Dispatch to THE NEW YORK HERALD. New York Herald Bureau, Washington, D. C., Oct. 30. Secretary of the Treasury Mellon to-day ordered a cleanup of pending tax claims. This is expected to bring \$500,000,000 into the Treasury and reduce by that sum the deficit of \$700,000,000 for the fiscal year.

The Internal Revenue Bureau will start settling a great mass of claims which have clogged up the activities of the tax appeals board. The claims involve hundreds of millions of dollars in taxes assessed by the Government against individuals and corporations. Commissioner Blair has recommended to Secretary Mellon that the Government adjust all contested cases where ever compromise is possible to end legal procedure and stimulate revenues for the Treasury.

Mr. Blair is satisfied that under pressure by the Government sufficient back taxes can be collected to bring a substantial reduction in the deficit. Nearly \$1,000,000,000 is due the Government in taxes. A large amount is in additional taxes levied by the Government after the audits of the revenue bureau showed that taxpayers had underestimated their liability in returns filed with collectors if Internal revenue.

Some of the Treasury experts declared the war on tax evaders and new measures to clear tax cases long pending will enrich the Treasury by perhaps \$500,000,000 before the close of the fiscal year. It is not improbable that the Government will find it necessary to make concessions in some cases where the right of collection has been stubbornly contested. A number of large corporations whose tax payments run into eight figures each year are expected to welcome a settlement rather than go to trial on the issues involved. The bureau never discloses details of such tax affairs, but it is said large enterprises are expected to contribute a big share of the back taxes counted on under the cleanup program.

**DEMOCRATS GET \$35 MORE.**

Congressional Committee Holds Out Contributors' Names.

Special Dispatch to THE NEW YORK HERALD. New York Herald Bureau, Washington, D. C., Oct. 30. The Democratic Congressional Campaign Committee filed its second report on campaign contributions and expenditures to-day, showing receipts of \$35. The committee did not disclose who gave the money. The previous report filed nine days ago showed receipts of \$9,000.

to Garden Club members and all Lovers of the Unusual in Flowers.  
**A CHRYSANTHEMUM SHOW**  
is being held all week at  
**TOTTY'S**  
4 East 53rd Street  
Over one hundred varieties of Chrysanthemums are displayed in this show, in a profusion of form and color that evokes words of wonder from every one who sees them.  
Here are 'Mums white as the fleecy clouds, others tinted with the delicate hues of the evening sky, some dazzlingly yellow like the morning sun, some pink as the first touch of dawn. And all are as varied in size and formation as in color.  
Every person who loves flowers should visit this special exhibition during the present week. Each variety is properly labelled so that you may study them and make notes at your leisure. Many seedlings as yet unnamed are also being displayed.  
There is no admission fee and no visitor need feel under the slightest obligation to purchase. Totty's will remain open until nine in the evening during the entire week for the benefit of those who find it impossible to drop in during the day.  
**Totty's**  
Greenhouses, Madison, N. J.

**AFTERGLOW**  

THE beautiful colors that appear in the sky after the sun has set, called the afterglow, come as a final touch to every perfect day.

There is the afterglow of the mouth, too. It is that delicious feeling of freshness which follows the use of Kolynos Dental Cream. It tells you that your mouth is really clean, with every tooth lustrous, white and fortified against the attacks of myriads of bacteria which cause unsightly discoloration and premature decay.

**A Sound Tooth Cannot Thrive In An Unclean Mouth**  
It would be as unreasonable to expect a tender plant to thrive in unfavorable soil. Grit will give a temporary polish, but at the expense of the tooth structure itself. The film which holds acid-producing bacteria and forms tartar should be dissolved in the natural, cleanly Kolynos way—not scraped off by a process which destroys the enamel.

**Try This Way**  
Use Kolynos—twice daily. Then examine the teeth closely. There will be no miniature scratches

to give ready lodgment to bacteria-laden food particles. No in-between film to form breeding places for untold millions of germs. No sore gums to cause discomfort at tooth-brush time—or after.

Above all, there will be that comfortable, genial "afterglow" which will make you exclaim "How clean my mouth feels".

We have on file in our New Haven laboratories personal applications from over 47,000 American Dentists and 74,000 American Physicians for Kolynos Dental Cream, to distribute among their patients.

Whatever dental preparation you have been using, you will find new comfort and new efficiency in Kolynos—tooth insurance in strictly scientific form.

Get the tube with the famous captive cap. No other dental cream has it.

THE KOLYNOS COMPANY, NEW HAVEN, CONN.
